

## *What Are We Doing Here?*

**It's Casual Crazy!**

### **GRITS: Modern Arrangement Workshop**

By Sandy Dixon  
ARS National Chair of Arrangement Judges

The Atlanta GRITS Rose Convention will include a seminar and hands-on workshop in Modern design on its final day, Monday, October 11.

Wear some comfortable crazy clothes (wigs optional), bring your clippers and join this 'abstract' group of rose arrangers. Whether you are new to arranging or a seasoned expert, you'll have fun, learn the newest designs, see the latest products and learn some cost-saving techniques that will make this hobby more enjoyable. Judges may earn continuing education credit.

Additionally, bring the containers you are tired of using to trade or sell and perhaps find a new container to give you a buzz. All containers, roses, mechanics, manmade materials and assorted plant materials will be provided for the hands-on workshop. You may wish to bring your own tool kit for convenience. Contrived containers, including how-to instructions for each attendee, will be featured. Also, more staging ideas and a fresh look at backgrounds and underlays will round out this jam-packed day of creative merriment.

Seating may be limited, so register as soon as possible. Don't forget your camera and clippers.

**Be prepared to unleash your wild side!**
